A Guide to Making a Paper Pattern for a Drawstring Bag

Method 1:

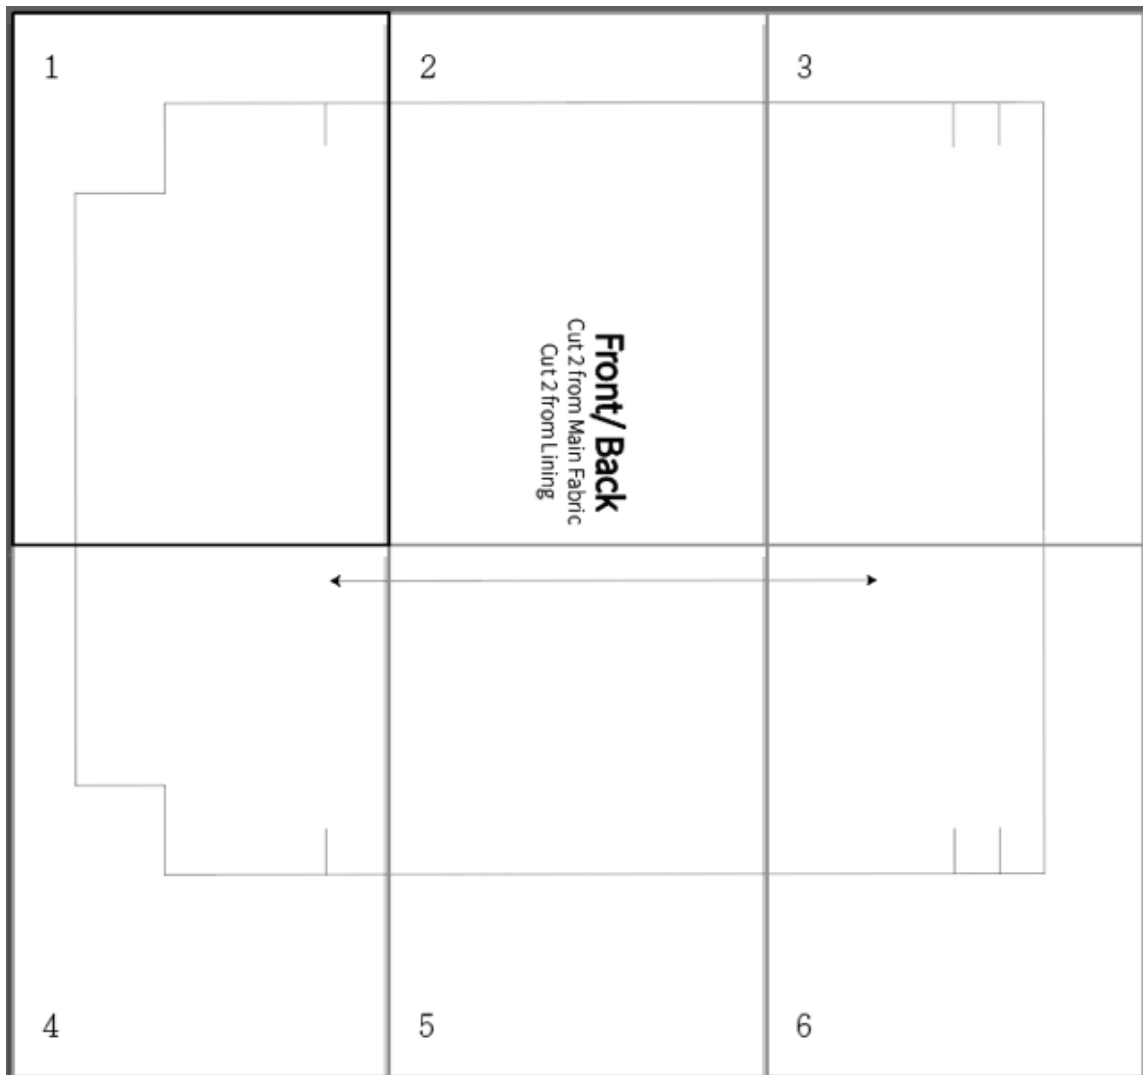

Use the measurements below to draw a pattern, mark the notches, and then cut the pattern out along the line.

(The red lines indicate right angles; there is no need to draw them on the pattern.)

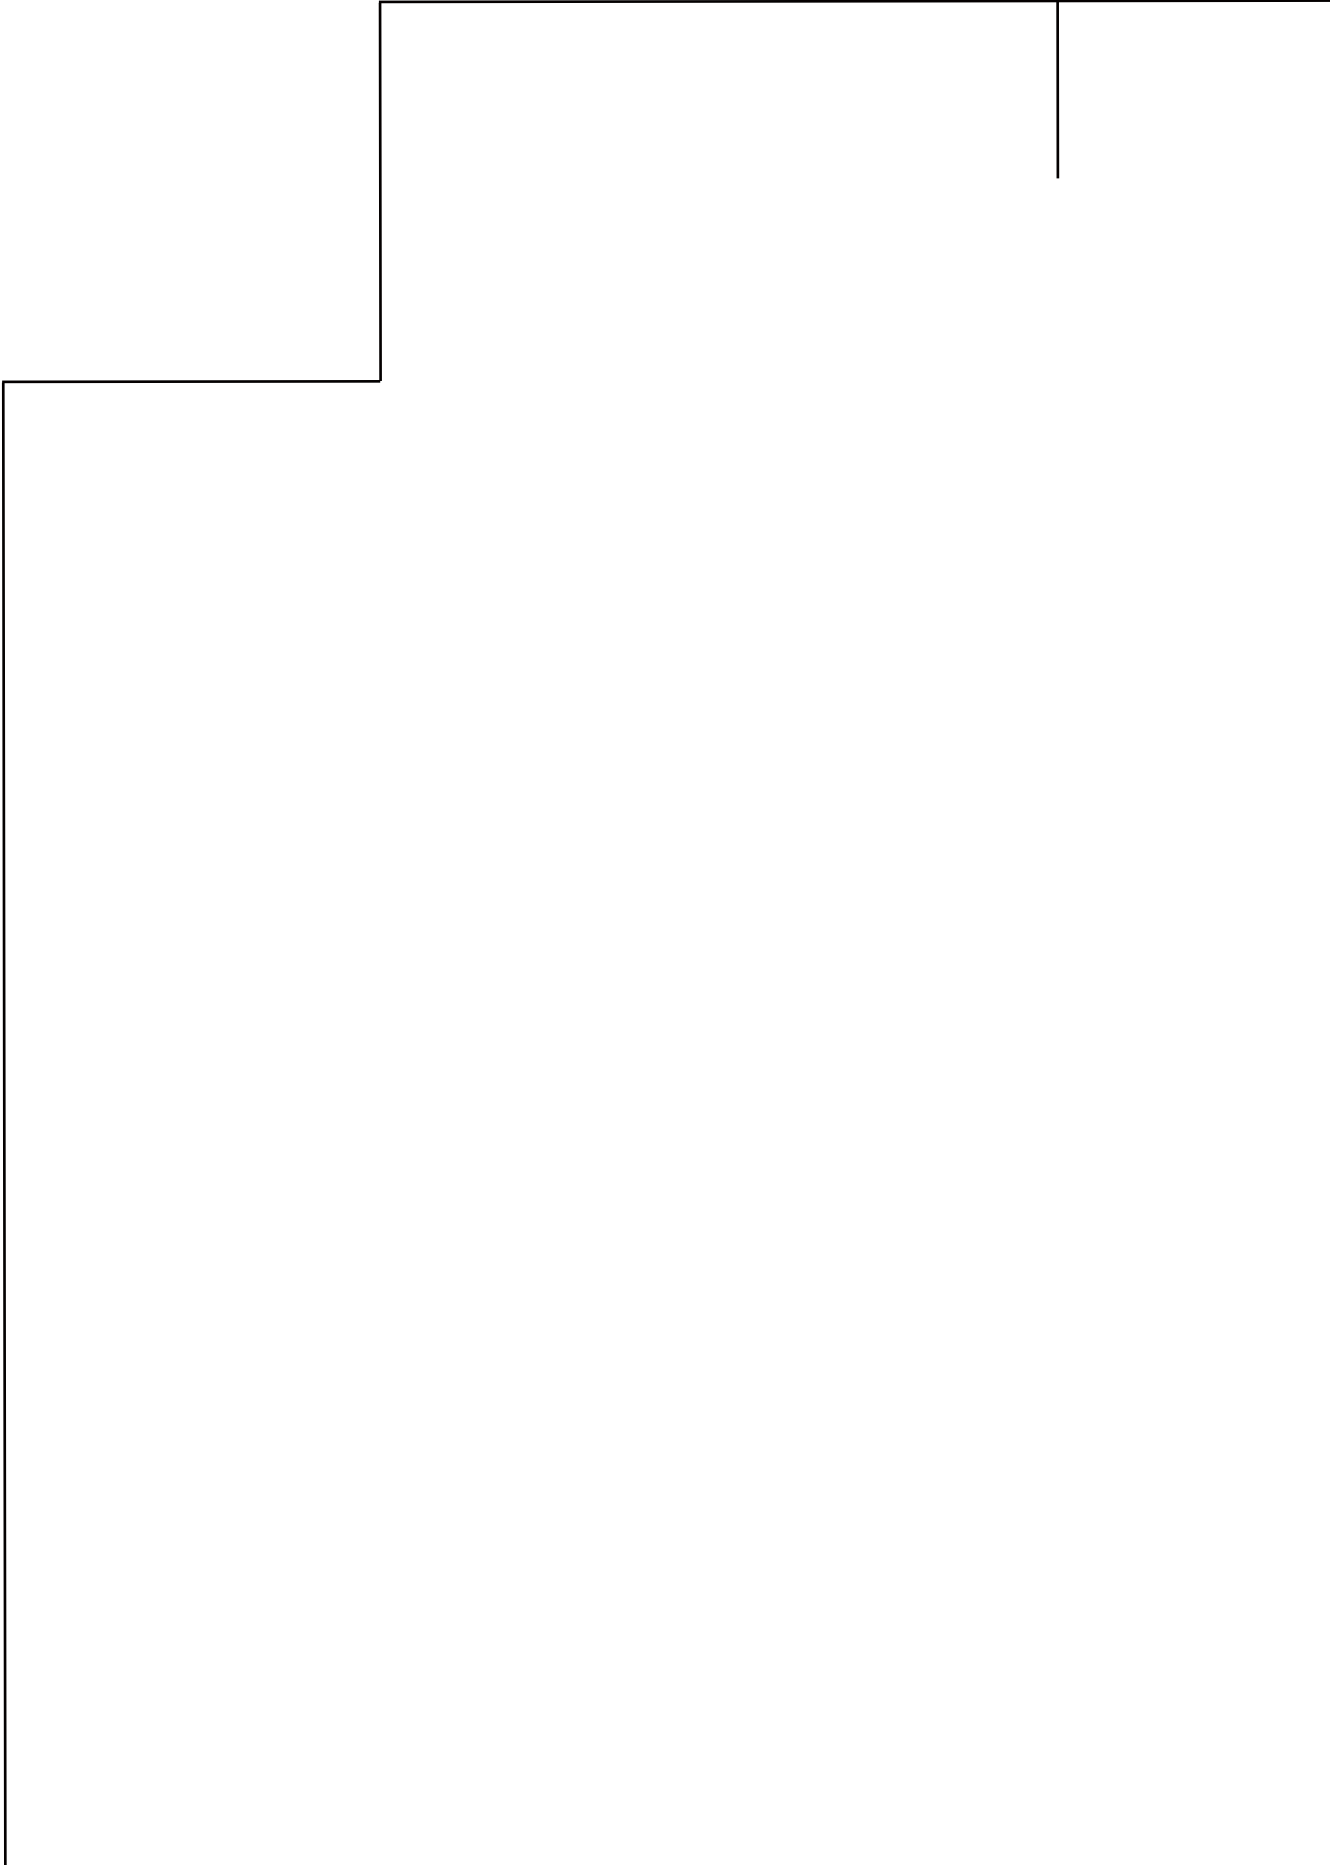

Method 2:

Print out the following 6 pages and arrange the papers according to the numbers on them, using the reference image below as a guide. Then cut out the pattern along the line.
